

HAVE YOUR SAY

Get involved!

Join the ShapingBio community to have your say on how future bioeconomy policies should be shaped.

With your help we can provide qualified advice on policy design & propose new ways of matchmaking, networking and knowledge-transfer.

About ShapingBio

ShapingBio is an EU-funded project that promotes innovation in the European bioeconomy across sectoral, governmental and geographical levels by providing evidence-based information and recommendations for better policy alignment as well as supporting & integrating stakeholders in the bio-based sectors.
